Article published on 26 November 2015

In the article ‘Sub-Saharan African migrants living with HIV acquired after migration, France, ANRS PARCOURS study, 2012 to 2013’ (<http://www.eurosurveillance.org/ViewArticle.aspx?ArticleId=21311>) by Desgrées-du-Loû et al., published on 19 November 2015, the variables in the following sentence were corrected on 21 November 2015.

The decline in CD4⁺ T-cell count (square root-transformed) over time was estimated using a linear mixed model with random intercept and slope, adjusted for individual CD4⁺ T-cell count at first CD4⁺ T-cell count measure (x_1) duration from estimated date of HIV seroconversion to first CD4⁺ T-cell count measure (x_2) and age at HIV seroconversion (x_3).
