

Eurosurveillance uses double-blind review and because the manuscript file should not contain any author-identifiable information, your submission must include a Title page containing the following information:

- Manuscript full title
- Author names (including full first names); please follow PubMed recommended style, which is to use superscript numbers after each author name
- Affiliations (including equal contributions if applicable); please begin each affiliation with a number corresponding to the superscript
- Corresponding author information
- Abstract (use the heading 'Abstract' on the previous line)
- Keywords
- Conflict of interest statement
- Funding statement
